

## PART II CERTIFICATION EXAMINATIONS

Attaining ABFAS Board Certified Status

### NOTES

All candidates with ABFAS Board Qualified status must log all procedures in Podiatry Logging Service for Surgery (PLS) after completion of residency. ABFAS will randomly select 13 Foot Surgery cases and/or 13 Reconstructive Rearfoot/Ankle Surgery Cases from the PLS log.

The ABFAS Board Certification document, available on the ABFAS website, provides details for preparing and electronically uploading materials for Case Review.

Candidates completing residency in 2014 and later have seven years **from becoming Board Qualified** to achieve board certification.
